

11 ARRESTED AS PLOTTERS

Against the Life of The Czar of Russia

AND MORE WILL FOLLOW

Details of Bold Attempt to Get Near
Enough to the Czar to Assassinate
Him Have Been Re-
vealed.

St. Petersburg, May 17.—Eleven of the alleged conspirators in the plot to assassinate the czar in his palace at Tsarskoe Selo have been arrested at Toriok, Finland. Other arrests are expected soon. It was learned to-day that the conspirators offered a Cossack officer a bribe of \$10,000 to allow their entrance to the chapel in the palace, where the czar and the principal palace officials would attend the service. Astonished at the magnitude of the bribe the officer reported the incident and an investigation developed the details of the plot. It is believed that it was planned by the same gang of terrorists that attempted to kill Premier Stolypin by throwing a bomb at his residence nearly a year ago.

The engine remained on the track, while the baggage car turned across the road, while the tender was thrown on her side and the coach, leaving the iron, was imbedded in mud to the car floor.
There were 65 passengers in the smoking car, and these with the train crew only suffered. The 10 occupants of the coach escaped unharmed.

A WOMAN'S PROTEST.

Objects to The Use of Her Locality as
a Dumping Ground.

Dear Mr. Editor:—With your permission, I would like to call the attention of some of your readers to the nuisance that is being created in a pretty part of the city, and only five minutes walk from the city hall. I have reference to the use that is made of the vacant land fronting on Perry street and South Warren street. For the last ten or twelve years this has been made a dumping ground, and it is the case with such places, it grows worse instead of better. The residents of this vicinity take pride, as other people do, in having their homes as attractive as possible, but we are prevented from doing so by I think the unintentional thoughtlessness of the people.

Most of the families living in the immediate vicinity of this nuisance have young children, and it is very hard for mothers to send their children out to play, and contend with the things we have to face every day. Some of our husbands pay dues to the Civic Federation to further the beautifying of our city, but what do we get in return. Every day, almost the year round, from some of the merchants on Main street and from a great majority of the people living in neighboring streets, we get loads, sometimes even two horse loads of bottles of every description, all sorts of decayed vegetables and many other things. One little girl a few days ago, even brought in a bottle full of carbolic acid.

We never have objected to ashes, but I do most decidedly object to other things of refuse being dumped within a very few feet of our own doors. I appeal to the city council, the board of health, the men who own this land, or any other person who is responsible for this refuse being brought here, if it is doing by us, they themselves would like to be done by. I think in only justice to the people who live in this locality something ought to be done to prohibit the use of the land as a dump.
Thanking you, I am,
A mother interested in the welfare of the community.

SHOOTING FOR TROPHIES.

Annual Meet Being Held at Montpelier
Gun Club Traps.

Rain and cloudy weather interfered yesterday with the first day's shoot on the third annual tournament of the Montpelier Gun club held at the range near Barre transfer. Twenty-five marksmen were present, however, and the programme for the day was completed. Dr. C. H. Burr of Montpelier made the highest average over all amateurs and professionals present, hitting 149 out of 173 pigeons.

Among the prominent marksmen present from outside the state were Sam Glover, representative of the Baltimore Powder company of New York, who made a record of 145, J. A. Elliott of the Winchester Repeating Arms company of New Haven, Conn., whose score was 144, Jack Fanning of the Dupont Powder company of Wilmington, Del., whose score was 143 and Gilbert W. Wheeler of Brunswick, Me. who made 143.

The shoot for the state trophy, a silver cup emblematic of the highest individual score for the championship of Vermont, was the principal event of the day. This was won by E. S. Greenwood of Enosburgh Falls, who made 45 out of a possible 50. This cup was held last year by A. S. Head of St. Albans. First prize in the merchandise event, a gun case, was won by A. S. Head of St. Albans and the second, 250 loaded shells, by G. Starrett of Northfield.

Other prominent visitors present were Dr. J. W. Greenwood of Greenfield, Capt. Ayers of Windsor and J. R. Brinley of Bridgeport, Conn. The St. Albans club was represented by B. B. Perkins, A. S. When Mrs. Wing of Rochester was taken to her home in Rochester the other day she was suffering with small pox and was carried on the engine with the train crew.

Now Bethel people fear the crew having been exposed will scatter the disease here and refuse to let the train run into the village. The blockade will be on until the first of next week and possibly longer.

"A Dutchman's Honeymoon."
"Laugh and the world laughs with you, weep and you weep alone." What is the use of weeping when it is so much easier to laugh and not only be happy yourself but make those happy with whom you come in contact? Every time you are handed a laugh you are happy.

"A Dutchman's Honeymoon," which comes to the opera house next Tuesday evening, May 21, will hand you so many laughs that you will forget all your troubles. This splendid comedy has made a wonderful record as a laugh provoker. The bright witty dialogue, catchy music, splendid specialties and laughable situations follow one another in rapid succession making what may truthfully be styled a whirlwind of mirth and melody. It is undoubtedly the comedy treat of the season.

BLOW-UP WAS WORTH \$500.

Burglars Rob Salisbury, Mass., Post Office To-day

AND THEY LEFT NO TRACE

Gang of Robbers Were Scared Away
From House of Dr. H. W. J. Couch
in Pittsfield, Mass., After They
Had Packed \$1,000

Salisbury, Mass., May 17.—Bold burglars broke into the postoffice in the heart of the village this morning, blew open the safe with nitro-glycerine and escaped with over \$500 in money and stamps. Before entering the postoffice they stole robes and blankets from the neighboring stable of former Postmaster George H. Moulton, with which they muffled the sound of the explosion. They left nothing by which they can be traced.

EVIDENCE IS ALL PRESENTED TO-DAY

In Case of State vs. Daniel Royce,
Charged With Maltreating a
Little Girl.

The evidence in the case of State vs. Daniel Royce of Northfield who is charged with assault with intent to commit rape on Eva Voren, twelve years old, at the Whitney place in Northfield, where they were both staying, is all presented in Washington county court. It will probably be the last case to be tried as the calendar is pretty well cleaned up.

In the case of State vs. Alex. Carrow of Montpelier, charged with setting fire to his home, continuance has been granted and bail of \$500 furnished. The cases of D. B. Coon and F. J. Dennis, former guards at the state insane asylum, charged with manslaughter, have been continued, as have the cases of John Kelley, assault, and B. Croto, murderer. It is likely that these last two cases will never be tried as the respondents are in the insane asylum.

FUNERAL ON SATURDAY.

A. A. Bliss of Calais Died Yesterday of
Heart Trouble.

Calais, May 17.—A. A. Bliss, a long-time resident of this place, died yesterday morning of heart trouble. He was in intense pain during his illness and for 24 hours before death was unconscious.

He was born Sept. 10, 1852, and spent the greater part of his life in this vicinity. He was twice married, his first wife being a sister of Mrs. F. C. Vail of Montpelier and his second wife Miss Kate Clayton of Elmora. For a long time he has been a widower.

By his second wife he had two daughters, Flora, the wife of Arthur Demerits, who came on from Denver about a year ago to care for her father, and Miss Clara who lived at home. Both daughters have been faithful attendants on their father during his illness.

Mr. Bliss had lived in various places in Washington county and was at one time proprietor of a hotel in Worcester. This was at a time when it was thought that gold had been discovered there and machinery had been erected on an extensive plan for its mining. The project turned out about as the other gold crazes in Vermont have and the results would not have sold for ten cents all his life.

The deceased leaves two sisters, Mrs. C. B. Parker of South Hill, N. Y., and Mrs. H. A. Kent of Marshfield. The funeral will be held on Saturday afternoon at 1:30 o'clock and burial will be in the Robinson cemetery.

LIVES IN BRATTLEBORO.

Woman Said to Be Wife of an Alleged
Polygamist.

Springfield, Mass., May 17.—Charles A. Chase was arraigned before Judge Bosworth in the police court yesterday on the charge of polygamy, and bound over to the grand jury.

The police state that Chase's wife was Miss Sophie Bryant, who resides in Brattleboro, Vt. The police put her in communication with the woman, who said that she was married to Chase about six years ago in Thompsonville, Conn. After Chase had lived with her some time, the police state she informed him that she had another husband, the statement being made for the sole purpose of severing her connection with him.

Chase, according to the police, married Miss Jessie A. Andrus of Springfield last June. He lived with the second wife for about three months, deserting her last fall. Since that time he has been working about the country on farms, and has not provided for wife No. 2.

The case of non-support of the second wife, with which he was also charged, was continued from day to day.

Mr. and Mrs. Albert Cossin of New Rochelle, N. Y., are visiting at the home of John Crowley.

DRUNKS MUST GO TO COUNTY JAIL

Supreme Court Decide in Case of Heenan
Bowers Which Was Brought Under
Habeas Corpus Proceedings.

Montpelier, May 17.—A final adjournment of the May term of the supreme court was reached yesterday afternoon. Only one case was argued yesterday, that of William H. Smith vs. Central Vermont Railway company, from Orange county in which, in the lower court, the plaintiff was awarded a verdict of \$1,638.76.

Opinions were handed down in five cases. In the Washington county habeas corpus case of Heenan Bowers to test the legality of confinement in county jail for a second offense of intoxication an opinion was rendered that the Bowers the complainant is lawfully imprisoned in the county jail. The court also ruled that prisoners convicted of first and second offences of intoxication must be there confined. The law passed by the legislature of 1906 provides no alternative for the imprisonment of such respondents in the house of correction at Rutland.

In the Essex county rape case of State vs. Albert Wright, in which the respondent was convicted and sentenced to not less than two and one-half or more than three years in the state prison, the judgment of the lower court was reversed, the verdict set aside, and the cause is remanded for a new trial.

The judgment of the county court was affirmed in the Chittenden county case of Albert C. Collins vs. Joseph W. Farley in which the judgment of the justice below was reversed and set aside and the petitioner was given leave to prosecute the original action in county court.

The judgment of the lower court was also affirmed in the Rutland county case of Percival W. Clement, administrator of Oliver E. Harrison vs. The Northwestern Mutual Life Insurance company. The verdict in the lower court, on which there was a judgment that was affirmed was for the plaintiff to recover \$2,311.32.
